PROJECTS

FurCompanion | <https://github.com/harleysherman/fur-companion-pilot> |

<http://harleysherman.github.io/fur-compnaion-pilot>

- *This project was a group project. The goal of this project was to promote adoptions of cats and dogs.*
- *My responsibilities were to add styling, created a logo, and display all the information that the user enters.*
- *Tools used: HTML, CSS, Carousel, cat and dog API, and local storage.*

HypeMeHypeYou | <https://hypeme-hypeyou-5o7f.onrender.com>

| <https://github.com/harleysherman/hypeMe-hypeYou>

- *This project was done with others. The motivation of this project was to create a place to express support for others and their achievements.*
- *My responsibilities were to add the backend through mongodb, seed data, adding cloudinary for users to upload screenshots of their achievements, queries and mutations.*
- *Tools used: MERN full stack, cloudinary, timeline, chrono, react bootstrap, type defs/ resolvers, render, mongodb, queries, mutations, and graphql.*

TechBlog | <https://mighty-shelf-93751-8304233a0599.herokuapp.com>

| <https://github.com/harleysherman/techBlog>

- *The project was built to further understand the basic blog structure using handlebars.*
- *My responsibilities were to add full CRUD to the user, have a sign in/login feature, adding a post and updating it, and displaying a dashboard with functionality for the user.*
- *Tools used: Handlebars, sequelize, mySQL, dotenv, bcrypt, express-session, and connect-session-sequelize.*

EXPERIENCE

Graphic Designer

October 2022 – July 2023

Titan Chair

Dallas, Texas

Worked alongside fellow designers and sales people, met deadlines in a timely manner, and attended weekly meetings.

Key Accomplishment:

- *Responsible for chair product campaigns from concept to execution: including research, photos, user manual, and coding website. Approved for deployment with few corrections.*

User Experience & Interaction Design

March 2021 – August 2022

Genie

Dallas, Texas

Collaborated with developers and fellow designers, creating in app features, and maintaining multiple projects at one time.

Key Accomplishments:

- *Created new Genie Garage Door app features for both Android & Apple iOS*
- *Developed and presented new user flows training presentation for fellow developers*

Graphic Designer

March 2021 – August 2021

At Your Door Labs

Arlington, Texas

Worked with a team in different time zones through great communication, adapted to feedback with flexibility.

Key Accomplishments:

- *Produced company style guide from conception to adoption*
